

U-POL®

336 ULTRA GLOSS WAX PROTECTOR

Description	<p>U-POL 336 Ultra Gloss Wax Protector delivers a superb long lasting mirror finish and is ideally suited for both bodyshop and valeting applications. It has been designed to give enhanced protection against weathering effects and exhibits desirable water and dirt repellent properties. This formula is quick and easy to apply on all original and fully cured paintwork. It is 100% bodyshop safe.</p> <div data-bbox="549 562 647 831"></div> <div data-bbox="724 667 1043 768"></div> <div data-bbox="1129 667 1422 768"></div>
Preparation	<p><u>Old paintwork</u> should be cleaned thoroughly to remove road traffic film and dirt. Wipe down surface with System 2000, 2001 or 2002 degreaser. <u>New paint</u> should be fully cured in accordance with paint manufacturers' drying schedule. Paintwork should be washed and dried where necessary before applying U-POL 336.</p>
Application	<p>Recommended for hand use only.</p> <p>Shake U-POL 336 before use. Apply a small amount of product to a clean slightly damp U-POL Micro Fibre Polishing Cloth. Using a light even pressure, apply product to the surface using an overlapping motion to ensure complete coverage. Leave the wax to dry to a haze. Using a clean section of cloth, wipe away the excess and give a slight buff to bring out the gloss.</p> <p>Due to the formulation's easy removal properties, large areas can be treated at a time. Remove any residue from surrounding trim using a soft clean damp cloth.</p>
Additional Information	<p>Other products in the U-POL Automotive Polishing System are 333 Cutting Compound Paste and 333 Liquid Cutting Compound for regular compounding and paint defect rectification, 334 Fine Finishing Compound for minor defect correction and paint restoration and 335 High Gloss Final Glaze for that showroom finish. All products are 100% bodyshop safe.</p>
Order Codes	<p>QW336/1 - 1 litre bottle (6 units per carton)</p>
Storage	<p>It is recommended that U-POL 336 is stored in a frost free environment.</p>
Tools	<p>QWCMF - Micro Fibre Polishing Cloth</p>
Health and Safety Statement	<p>FOR PROFESSIONAL USE ONLY. Read full instructions before use. U-POL disclaim any liability where the end user does not wear the recommended personal protective equipment.</p>
VOC Information	<p>VOC content 231g/l</p>
